PROGRAM OVERVIEW

The Single-Family Weatherization Program is administered by Franklin Energy Services. This program works to offer free energy efficiency and weatherization upgrades to customers who are at or below 80% of the area median income. If you are interested in this program, please fill out this application and return it to the program team via email or mailing address on the last page.

Questions about the Single-Family Weatherization Program? Email BlackHillsIQ@FranklinEnergy.com or call us at **888-391-8702**.

Duct Sealing*	W21	CAC Only	CFM25
Duct Sealing*	W22	Electric Heat Only	CFM25

*Air sealing and duct sealing measures require a pre and post blower door test. Incentive amount is per CFM50 or CFM25 reduced.

TERMS AND CONDITIONS

GENERAL TERMS AND CONDITIONS

- Participants must be a current Black Hills Energy customer. Additional eligibility requirements are dependent on customer fuel type and location. Customer eligibility is determined by The Program.
- Where applicable, energy-efficiency ratings must comply with those listed in the Measures section of this catalog.
- All projects require pre-approval BEFORE project initiation or equipment purchase to guarantee fund availability.
- All projects are subject to on-site post installation inspection and verification.
- This program is subject to regulatory rules and orders, and Black Hills Energy reserves the right to change or to end any portion of this program without notice. All equipment must be new. No reconditioned or used equipment would qualify for incentives.
- A final, itemized invoice for all materials and labor related to the installation must be attached to the incentive application. Applications must be completed in full; incomplete or incorrect applications will delay processing and may be returned.
- Funding for these incentives is limited. Applications will be processed on a first-come, first-served basis.
- Program requirements, fixed pricing, and incentive amounts are subject to change with 30-day written notification.

INCENTIVE LIMITS

Incentives are not limited to a cap per site or customer. Depending on your tax classification, you may receive IRS Form 1099 for incentives totaling over \$600 in a calendar year.

TRADE ALLY INFORMATION

A Trade Ally represents the company who provided/installed the equipment for a project or performed the service for which a customer is seeking an incentive. Trade Allies who have signed an agreement with the Black Hills Energy Single Family Weatherization Program are allowed to enjoy certain program benefits, including increased incentives over prescriptive commercial incentive offerings and to receive direct payment of incentives from The Program. Incentives can only be paid directly to a Trade Ally, if the Trade Ally has completed and submitted a Trade Ally Application.

The Federal Employer Identification Number (FEIN) and Business Classification of the Trade Ally is required to receive incentives paid directly from The Program. The credit must be clearly labeled as the Black Hills Energy incentive and deducted from the amount due.

BLACK HILLS ENERGY INFORMATION

Black Hills Energy works with eligible Colorado and Wyoming customers to install cost-effective energy efficiency projects. Black Hills Energy information, resources and financial incentives help to implement projects that otherwise would not get completed, or to complete projects sooner than scheduled.

Black Hills Energy is committed to providing safe, reliable and affordable energy in a manner that protects the environment.

PARTICIPATION REQUIREMENTS

Before you start your project, please make sure you are familiar with participation requirements, program information and Terms and Conditions.

Section 1. Incentive Offer: Products must be purchased and installed within the date range outlined on the application being submitted. Applications must be postmarked within the number of calendar days listed on the Application being submitted. The Applicant understands that the Program must pre-approve all incentive applications in writing. Applicants should maintain a copy of their application for their records. Incomplete applications will be returned and will not be processed. Applications must have complete information and be submitted with proof of purchase such as invoices that clearly itemize the product(s) and/or services(s) received. Purchase orders, proposals and quotes are not considered proof of purchase.

Section 2. Compliance: The Applicant's procurement, installation, and implementation of energy efficiency measures shall be accomplished in accordance with the requirements outlined in the Trade Ally Agreement and Trade Ally Catalog. The Applicant must provide invoices for equipment purchased or service performed, as well as documentation that verifies that the energy efficiency measures, (i) have been properly installed, (ii) are functioning properly, and (iii) have the potential to generate energy savings if properly maintained and operated. All projects shall comply with federal, state and local regulations. All equipment must be new. Displaced equipment must be removed and not reused. Verification of compliance with the terms and conditions of this provision shall solely be at the Program's discretion.

Section 3. Marketing: The Applicant shall not use the Program's or the Implementer's corporate name, logo, identity, any affiliation, or any related logo including the "Black Hills Energy" name, logo, or identity, for any marketing, advertising or solicitation without prior written consent of the Program. Such written consent may be withheld in the Program's sole discretion. When referencing Black Hills Energy involvement with any project, the Applicant shall collaborate with the Program to prepare any press release and to plan for any news conference and agrees to provide Black Hills Energy, for its written approval prior to publication, a written copy of any advertisements or promotional material regarding this program prior to publishing any such advertisements or promotional material. The Program reserves the right to publicize the Applicant's participation in the BHE IQ program unless a written request is submitted to BlackHillsIQ@FranklinEnergy.com no later than fifteen (15) days after receiving payment from the Program.

Section 4. Program Discretion: Rewards are available on a first-come, first-served basis. This offer is subject to change or termination without notice at the sole discretion of Black Hills Energy.

Applicants who are served by Black Hills Energy as an electric provider but not a natural gas provider will only qualify for incentives for electric technologies. Applicants who are served by Black Hills Energy as a natural gas provider but not an electric provider will only qualify for incentives for natural gas technologies. Applicants who have Black Hills Energy for both an electric provider and a natural gas provider will qualify for incentives on both electric and natural gas technologies. Applicants who use Liquid Propane (LP) or other non-qualifying fuels will not qualify for incentives for any gas technologies.

TERMS AND CONDITIONS

Black Hills Energy reserves the right to change or discontinue this program at any time without notice. The Program also reserves the right to withhold incentive payment until identified problems with a project are resolved and to withhold or terminate an incentive payment due to any party's failure to follow any and all applicable terms and conditions, rules, or procedures. The acceptance of incentive applications and qualification of systems is determined solely by the Program and acceptance of this application does not guarantee payment of an incentive.

Section 5. Disclaimers, Representations, and Warranties: Black Hills Energy and the Program Administrator (collectively for this section "the Program") do not endorse any particular trade ally, manufacturer, product, system, or design by offering an incentive. The Program is not responsible for any tax liability imposed on the recipient as a result of the payment of incentives. The Program makes no representation or warranty, and assumes no liability with respect to the quality, safety, performance, or other aspect of any design, consulting, product, system, equipment, or appliance installed or received and expressly disclaims any such representations, warranties, and liability, including, but not limited to, any implied warranties of merchantability or fitness for a particular purpose. The Program does not guarantee that installation and operation of incentivized measures will result in reduced energy usage or in cost savings. The Program is not responsible for the proper disposal/recycling of any waste generated as a result of this project. The Program is not liable for any damages, including any incidental or consequential damages, arising out of the operation or malfunction of the products, equipment, or appliances, or the installation thereof.

Section 6. Indemnification: Applicants shall protect, indemnify, defend and hold harmless Black Hills Energy and the Program, their respective affiliates, subsidiaries, parent companies, officers, directors, agents, and employees, against any and all losses, damages, expenses, fees, costs and liability arising from or in any way connected with any program, design, consulting, product, system, equipment, or appliance. The Applicant agrees that such obligations under this section shall survive any expiration or termination of this application and shall not be limited by any enumeration herein of required insurance coverage. To the maximum extent permitted by law, the Applicant agrees to limit Program Administrator's liability to the Applicant for any reason to the total amount of the payments identified in this Agreement. This limitation shall apply regardless of the cause of action or legal theory pled or asserted. Applicant hereby expressly waives the right to specifically enforce this Application.

Section 7. Misrepresentation: Making false statements on the Program incentive application is punishable by law. Any person who knowingly files an application containing any materially false information or who purposely and misleadingly conceals information commits a fraudulent act that subjects such person to criminal and civil penalties. Any and all funds determined, in the Program's sole discretion, to have been acquired on the basis of fraudulent or misrepresented information must be fully returned to the BHE IQ program. Should the Applicant or its representative apply for and receive duplicate payment, the Program reserves the right to recover payments made in excess of the entitled Reward. This section shall not limit other remedies that may be available for the filing of false or fraudulent applications.

Section 8. Miscellaneous:

(1) Governing Law. This application shall be governed, construed and enforced in accordance with the internal laws of the State of Wisconsin, without regard to any law of conflicts that may direct the application of the laws of another jurisdiction. The Applicant irrevocably submits to the original jurisdiction of the state and federal courts sitting in Madison, Wisconsin with regard to any controversy in any way relating to the execution, delivery or performance of this application that is not resolved by Arbitration. Suits, claims or actions founded upon such controversies shall be brought or filed exclusively in such courts and nowhere else. The exclusive venue for any dispute or controversy arising under this Agreement shall be the Dane County, Wisconsin Circuit Court or the Federal District Court for the Western District of Wisconsin.

(2) Compliance with Applicable Laws. The Applicant shall at all times comply with and observe all federal and state laws and published circulars, local laws, ordinances, rules and regulations which are in effect during the period of this application and which in any manner affect the performance of this Application. This application shall be construed and enforced, in accordance with the laws of the State of Wisconsin and the laws of the United States. All references to statutes or regulations contained in this application shall be construed to include successors thereto.

(3) Assignment. The Program may assign, transfer or convey this application or any of the Program's rights, obligations, interests or responsibilities hereunder, in whole or in part, without the consent of Applicant.

(4) Severability. If any provision of this application is illegal, invalid, or unenforceable under present or future laws effective during the term of this application, that provision shall be fully severable and this application shall be construed and enforced as if the illegal, invalid, or unenforceable provision had never comprised a part of this application. The remaining provisions of this application shall remain in full force and effect and shall not be affected by the illegal, invalid, or unenforceable provision or by its severance. Furthermore, in lieu of such illegal, invalid, or unenforceable provision, this application shall be reformed to include as a part of this application a provision as similar in terms to the illegal, invalid, or unenforceable provision as may be possible and still be legal, valid, or enforceable.

(5) Risk of Loss. Black Hills Energy and Program Administrator at no time assumes risk of loss for any personal property of the Applicant.

(6) Waiver. Failure or delay on the part of either party to exercise any right, power, privilege or remedy hereunder shall not constitute a waiver thereof. A waiver of any default shall not operate as a waiver of any other default or of the same type of default on a future occasion.
